

# Mi Compact Bluetooth Speaker 2

Compact design, powerful sound

## Compact yet powerful

Compact & lightweight, this speaker is perfect to carry on the go.

## Clear & natural sound

Super-strong neodymium magnets help create an incredible speaker with powerful and crystal clear sound.

## 6-hour-long battery life

When the volume is at 80%, the speaker can play up to 6 hours music without interruption, and you can always check the battery life from your phone's status bar.\*

\*May vary depending upon playback conditions

## Parametric mesh design

The scientifically designed parametric speaker mesh cover gives the speaker a simple, yet pleasing aesthetic while allowing sound to pass through virtually unaffected.

## Built-in mic for hands-free calling

The built-in microphone allows you to receive incoming calls without having to access your phone. By simply pressing the power button, you can activate hands-free calling and talk on the go.

## High-speed Bluetooth 4.2

Fast and reliable technology powerfully combats signal interference and allows you to easily connect with your mobile device, computer, TV and other devices.

### How do I connect the Bluetooth speaker to my device?

#### Turn on the speaker

Press and hold the button for 4 seconds to enter Bluetooth pairing/Discovery mode.

#### Bluetooth Connectivity

Access your portable device's Bluetooth options and select "MI BT18" to connect the speaker.

#### Connect to a new device

While the speaker is powered off, press and hold the button for 5 seconds to enter Bluetooth discovery mode.

## Using the button

**Power on/off:** press and hold for 2 seconds  
**Bluetooth pairing (when no device has been paired):** Power on the device to automatically enter Discovery mode  
**Play/stop:** Short press  
**Accept phone call:** Short press  
**Reject phone call:** Press and hold for 1 second  
**Stop playing from phone:** Short press  
**Clear paired devices (restore to factory settings):** Power off and long press for 6 seconds

A 6-hour battery life means that when volume is at 80%, the battery will last for 6 hours with a stable Bluetooth connection; Bluetooth has a wireless range of 10 meters; when pairing with an iOS or MIUI device, the speaker's battery level can be displayed after it is successfully paired with the device; if not connected to Bluetooth or any other music input sources, the speaker will automatically turn off after 10 minutes.

## SPECS
